2014 C-STEM Day May 31, 2014 @ UC Davis & UC Irvine

The C-STEM Center aims to transform computing, science, technology, engineering, and mathematics (C-STEM) education in both formal and informal K-14 programs through integrated learning. The C-STEM Day is organized to build public awareness and advocate for Integrated Computing and STEM education.

Competitions:

The RoboPlay Challenge Competition incorporates openended design challenges that integrate math and computer programming for practical real-world problem solving. The RoboPlay Video Competition is completed within the classroom, incorporating art, music, choreography, and design, and submitted online.
