

## Call for Volunteers for the RoboPlay Competition

sign up at [c-stem.ucdavis.edu/volunteer](http://c-stem.ucdavis.edu/volunteer)

**RoboPlay Competition** is an annual culminating event for the C-STEM program. The event brings the C-STEM community together to organize RoboPlay Challenge Competition in various regions on a Saturday by the end of May each year to further engage students in project-based team activities and to showcase their accomplishments and creativity.

Industry professionals from all backgrounds serve as judges to help organize this competition by committing a small amount of their time towards giving back to the K-12 community.

**Volunteering is simple! No coding, robotics, or engineering experience is necessary.**

### What To Expect...

We need volunteers for two independent competitions: RoboPlay Challenge and RoboPlay Video

#### RoboPlay Challenge

1-2 Hours to prepare in advance.

8am-4:30pm on May 18, 2019 in Davis or Irvine
