

# Bridging The Gap:

when **November 5, 2016**  
**8am - 3:30pm**  
+  
where **UC Davis  
Conference Center**

Promoting Equity Through C-STEM

+ **6th Annual Conference in Intergrated Computing  
& STEM Education** +

- Addresses issues related to teaching integrated computing, science, technology, engineering, and math
- Provides a forum for K-14 STEM teachers, resarchers, educators, policy makers, and industrial partners to discuss the future of STEM education
- Offers oppurtunity to examine groundbreaking work of the C-STEM center
- Review the impact on increasing student motivation and achievement in STEM education and improving college and career-readiness skills

## Awards

A group of STEM teachers will be recognized with:

**C-STEM Teachers Award:** for their dedication & achievement on Integrated Computing & STEM Education.

**C-STEM School of the Year:** presented to schools that achieved excellence in integrated learning of computing and STEM subjects.
